**AFNR Food Science Unit  
Careers in Food Science**

1. On a wall in the classroom, find the chart that looks like this.

Less Education <-----> More Education

Knowledge/Skills <-----> Analytical/Creative

2. Research one of the careers related to food sciences. Include aspects of the career such as salary, education, general description, job outlook, etc.

Food Scientist

Flavor Chemist

Food Microbiologist

Food Engineer

Food Inspector

Director of Quality Assurance

Food Technologist

Sensory Scientist

Product Manager

Meat Scientist

Food Toxicologist

Food Biotechnologist

3. Record your information on a 6 x 8 index card.

Include:

Description

Salary

Education

Occupational Outlook

An example of a task that person might do

4. Present your findings and research to the class and post to the wall where you believe it belongs on the spectrum. Think of other categories to use to rate the careers.
