

## Field fundamentals

Soybean fields are planted in a particular pattern and that pattern is followed by the harvester. Discover the “organization” of a soybean field by watching videos and completing research using your device.

### Materials

1 or more devices connected to internet for researching and visiting various websites

Paper and pencil or dry erase markers with boards

Student notebook or exit ticket

### Procedure

1. Answer one of the following questions as assigned by your teacher.
  - a. What do soybean fields look like?
  - b. How are they organized?
  - c. What is the process of harvesting soybeans?

### Exit ticket

1. I was able to find reliable sources to answer the question assigned.

Yes

No

Unsure

2. How are soybean fields organized?

3. How are soybean fields harvested?
