

# Win \$100 or more!

**It's soy easy with a great science fair project!** The Ohio Soybean Council is awarding prize money for the best district and state projects using soybeans. What experiment will *you* set up to do some soybean science?

**Soybeans are everywhere! Just look at the things you can explore:**

- How do products containing soybeans help the environment and human health?
- Why are soybeans used to feed humans and animals?
- Do soybeans make a good fuel? or ink? or candle wax?
- Can we breed a better soybean?

**OHIO ACADEMY OF SCIENCE**

**Regional Science Days** Grades 5–12

Award: up to four \$100 awards in each of the 11 regions

**OHIO ACADEMY OF SCIENCE**

**State Science Day** Grades 5–12

Award: 1st place: \$1,000, 2nd place: \$500, 3rd place: \$250

Team award: \$1000 to be split among team members

**Interested in participating?**

Visit the Ohio Academy of Science's website at [ohiosci.org/district-science-day](https://ohiosci.org/district-science-day)

When you register, select the "Ohio Soybean Bioscience Award" as a Sponsored Scholarship & Award.
